User manual:

Unless the user manual of the devices you want to charge states otherwise, follow these steps:

Connect the end device to the USB charging socket using the included fully compatible USB-C cable.

Connect the charger to a properly installed and easily accessible electrical outlet.

The charging progress will be displayed on your end device.

Disconnect the end device from the charger if you wish to stop charging or if the end device is fully charged. Then unplug the charger from the power supply.

Warnings:

Protect the product from dirt, moisture and overheating, and use it only in dry environments. Do not drop the product or subject it to severe shocks. Do not use the product beyond the power limits specified in the specifications. Do not modify the device in any way. Such action will void the warranty. Do not continue to use the device if it is visibly damaged. Use the product only for its intended purpose. Keep this product, like all electrical products, out of reach of children! Do not use the product in close proximity to radiators or other heat sources or in direct sunlight. This product is intended for indoor use only. Do not use the product in areas where electronic devices are prohibited.

Warranty:

Improper use or incorrect placement of this product by users may result in reduced lifespan or damage, and any resulting damage is not covered by warranty or is not the responsibility of the manufacturer. The warranty covers factory defects and material defects. The manufacturer's warranty is 24 months.

Disposal and recycling information:

This symbol on the product, battery, documentation, or packaging indicates that products and batteries should be handed over to designated waste collection points for recycling by local authorities after their useful life has expired. This ensures that WEEE waste is recycled and processed in a way that protects valuable materials and safeguards human health and the environment.

Declaration of conformity:

Hereby, 3mk Protection Sp. z o.o. declares that this product complies with the essential requirements and other provisions of Directive 2014/53/EU.
