

Twist Automatic™ Car Holder

Phone holder

User manual

EN

Product presentation:

The 3mk Twist Automatic™ Car Holder has been designed with your specific needs in mind, providing maximum comfort and safety. It automatically adjusts to your phone, ensuring complete security during use. The product stands out with its full adjustability and quick installation, allowing easy customization to your preferences. Additionally, it is equipped with Drive&Charge™ technology, enabling seamless charging while on the go.

Package contents:

- 3mk Twist Automatic™ Car Holder
- Instruction manual

Technical specification:

- Model name: 3mk Twist Automatic Car Holder
- Model number: 3MKTWU
- Mount type: for windscreen or dashboard
- Telescopic arm: allows the phone mounted on the windscreen to be brought closer
- Rotating head: allows the phone to be set at a comfortable angle
- Automatic clamp: the sensitivity of the mechanism adjusts the holder to the width of the phone – ensuring stability even on uneven surfaces

- Drive&Charge™: the design allows for the connection of a charging cable while driving, through a special cutout in the holder

Instructions for use:

Mounting the holder:

1. Clean and degrease the surface of the windscreen or dashboard.
2. Attach the suction cup and press the button (Clean&Use™) to secure the holder firmly.
3. Ensure that the suction cup is properly attached and the holder is stable.

Adjusting the arm:

1. Extend the telescopic arm to bring the phone closer to the driver.
2. Rotate the head vertically, horizontally, or at any angle to achieve the best viewing angle.

Placing the phone:

1. Simply place the phone against the holder – the mechanism will automatically adjust the clamp
2. Ensure that the phone is securely fastened.

Charging while driving:

- Connect the cable through the special cutout and use the phone continuously, even on long journeys.

Safety warnings

- Mount the holder only on a well-cleaned surface (windscreen or dashboard).
- Ensure that the holder does not obstruct your view of the road or access to buttons.
- Before driving, check the stability of the mount and the positioning of the phone – especially after dynamic driving.
- Do not use power with a damaged cable or burnt connector.

Warranty

Improper use or incorrect placement of this product by users may result in a shortened lifespan or damage, and any resulting damage is not covered by warranty or is not the responsibility of the manufacturer. The warranty covers manufacturing defects and material faults. The manufacturer's warranty is for 24 months.

Disposal and recycling information

This symbol on the product, battery, documentation or packaging indicates that products and batteries should be handed over to designated waste collection points at the end of their lifecycle. This ensures that WEEE waste is recycled and processed in a manner that protects valuable materials while safeguarding human health and the environment.

Declaration of conformity

Hereby, 3mk Sp. z o.o. declares that this product is in compliance with the relevant Community harmonisation legislation 2011/65/EU. The full text of the declaration of conformity is available at the following internet address (3mk.global/manual).
