- Power Delivery (PPS): 5-11V/3A, 5-16V/2A
- Supported protocols: QC3.0, QC4+, AFC, PD3.0, Apple2.4A

User manual:

### Unless the user manual of the devices you wish to charge states otherwise, proceed as follows:

1. Connect the end device to the USB charging socket using the appropriate USB cable, or if you intend to charge the Apple Watch wirelessly, simply place it on the designated charging area for the watch.
2. Connect the charger to a correctly installed and easily accessible electrical socket.
3. The charging progress will be displayed on your end device.
4. Disconnect the end device from the charger if you wish to stop charging or if the end device is fully charged.
5. Then disconnect the charger from the power supply.

### Safety warnings

- Protect the product from dirt, moisture, and overheating, and use it only in dry environments.
- Do not drop the product and avoid exposing it to severe shocks.
- Do not use the product beyond the power limits specified in the specifications.
- Do not modify the device in any way. Such actions will void the warranty.
- Do not continue to use the device if it is visibly damaged.
- Use the product solely for its intended purpose.

- Store this product, like all electrical products, out of reach of children!
- Do not use the product in close proximity to heaters or other heat sources or in direct sunlight.
- This product is intended for indoor use only.
- Do not use the product in places where the use of electronic devices is prohibited.

### Warranty

Improper use or incorrect placement of this product by users may result in a shortened lifespan or damage, and any resulting damage is not covered by warranty or indifferent to the manufacturer's liability. The warranty covers factory defects and material faults. The manufacturer's warranty is 24 months.

### Disposal and recycling information

This symbol on the product, battery, documentation or packaging indicates that products and batteries should be handed over to designated waste collection points set up by local authorities at the end of their service life. This ensures that WEEE waste is recycled and processed in a way that protects valuable materials and safeguards human health and the environment.

Declaration of conformity

Hereby 3mk Protection declares that the product is compliant with the relevant community harmonisation legislation: 2014/53/EU. The full text of the declaration of conformity is available at the following website ([3mk.global/manual](http://3mk.global/manual)).
