

## Bike Holder Pro

Phone holder

User manual

EN

### Product Presentation:

The bicycle holder for smartphones has been designed to securely mount your smartphone on your bike, allowing easy access to navigation and calls while riding.

### Set Contents:

1. Bike Holder Pro
2. User Manual

### Features:

- Universal fit for most smartphone models
- 360-degree rotation for optimal viewing angles
- Durable and weather-resistant materials
- Easy installation and removal

### Technical Specification:

- Model Name: Bike Holder Pro
- Colour: black
- Material: ABS
- Intended Use: smartphone
- Handlebar Thickness: 16-35 mm

### Instructions for Use:

- **Select Installation Location:**

Choose a suitable spot on the bike's handlebar where the smartphone will be easily accessible and visible.

- **Prepare Washers:**

Select the included rubber washers to perfectly fit the holder to your bike's handlebar.

- **Secure the Bike Holder:**

Place the holder's mounting mechanism around the handlebar. Tighten the mechanism by turning the screw until it is securely fastened. Ensure it holds firmly.

- **Check Stability:**

After securing, gently shake the holder to confirm that it is securely attached.

- User Instructions:

- **Insert Your Smartphone:**

Open the holder's arms by turning the knob counterclockwise. Place your smartphone in the holder, ensuring that all sides are securely held.

- **Adjust Viewing Angle:**

Rotate the holder to achieve your preferred viewing angle. Tighten the knob at the mounting head by turning it clockwise.

### Maintenance and Storage

Periodically check the holder and mounting mechanism to ensure they are strong and secure. Clean the holder with a damp cloth to remove dust and debris.

### Warranty

Improper use or incorrect placement of this product by users may result in a shortened lifespan or damage, and any resulting damage is not covered by warranty or the manufacturer's liability. The warranty covers manufacturing defects and material flaws. The manufacturer's warranty is 24 months.

### Information on Disposal and Recycling

This symbol on the product, battery, documentation, or packaging signifies that products and batteries should be handed over to waste collection points designated by local authorities at the end of their lifecycle. This ensures that WEEE waste is recycled and processed in a way that protects valuable materials and safeguards human health and the environment.
