

Hyper Cable N-SERIES USB-C to Lightning 20W™

USB cable

User manual

EN

Set composition:

- Hyper Cable N-SERIES USB-C to Lightning 20W™
- User manual

Technical specification:

- Model name: Hyper Cable N-SERIES USB-C to Lightning 20W™
- Model number: CLW120W
- Colour: White
- Connector type: USB-C / Lightning
- Length: 1 m
- Maximum current: 9V/2A
- Maximum power: 20W
- Functions: power + data transfer
- Data transfer speed: 480 Mbps
- Material: Nylon braid + aluminium alloy connectors

How to use:

1. Check compatibility

Ensure that one of the devices has a USB-C port and the other has a Lightning port (e.g. iPhone, iPad, AirPods).

2. Connecting

Insert the USB-C end into a charger, laptop, or other power source.

Connect the other end (Lightning) to the Apple device.

3. Power and data transfer

- Charging: Using the appropriate USB-C charger, the device will start fast charging (up to 20W).
- Data transfer: The cable supports file synchronisation with computers equipped with a USB-C port.

4. Disconnecting

Always disconnect the cable by holding the connector – never by the wire.

Safety warnings:

- Avoid contact with water – risk of electric shock.
- Do not store the cable in places exposed to high temperatures.
- Do not modify the cable – this may void the warranty.
- Do not use the cable with damaged connectors.
- Keep away from children – potential risk of swallowing or electric shock.
- Do not overload the cable – use it according to its specifications.
- Disconnect the cable when not in use.

Maintenance and storage

- Store the cable in a dry and cool place.
- Avoid excessive bending or twisting of the wire.
- Regularly check the condition of the cable for damage.

Warranty

Improper use or incorrect placement of this product by users may result in shortened lifespan or damage, and any resulting damages are not covered by warranty or exempt from the manufacturer's liability. The warranty covers manufacturing defects and material defects. The manufacturer's warranty is 24 months.

Disposal and recycling information

This symbol on the product, battery, documentation or packaging indicates that products and batteries should be handed over to designated waste collection points after the end of their lifespan, as prescribed by local authorities. This ensures that WEEE waste is recycled and processed in a manner that protects valuable materials and safeguards human health and the environment.

Declaration of conformity

Hereby, 3mk Protection declares that the product complies with the relevant EU harmonisation legislation: 2011/65/EU. The full text of the declaration of conformity is available at the following website (3mk.global/manual).
