Set contents:

- Hyper Cable N-SERIES USB-C to USB-C 100W™
- User manual

Technical specifications:

- Model name: Hyper Cable N-SERIES USB-C to USB-C 100W™
- Model number: CCB2100W
- Colour: Black
- Connector type: USB-C to USB-C
- Length: 2 m
- Maximum current: 20V/5A
- Maximum power: 100W
- Features: power + data transfer
- Data transfer speed: 480 Mbps
- Material: Nylon braid + aluminium alloy connectors

Usage instructions:

1. Check compatibility

Ensure that the devices you want to connect have a USB-C port.

2. Connecting

Insert one end of the cable into the appropriate port on the device (e.g. charger or laptop).

Connect the other end to the second device (e.g. smartphone, tablet, power bank).

3. Power and data transfer

- Charging: The cable supports fast charging up to 100W – ideal for everyday use.
- Data transfer: Devices may require approval for transmission, e.g. on the phone screen.

4. Disconnecting

Always disconnect the cable by holding the connector end – never by the cord.

Safety warnings

- Avoid contact with water – risk of electric shock.
- Do not store the cable in places exposed to high temperatures.
- Do not modify the cable – this may void your warranty.
- Do not use the cable with damaged connectors.
- Keep away from children – risk of swallowing or electric shock.
- Do not overload the cable – use it according to specifications.
- Disconnect the cable when not in use.

Maintenance and storage

- Store the cable in a dry and cool place.
- Avoid excessive bending or twisting of the cord.
- Regularly check the condition of the cable for damage.

Warranty

Improper use or incorrect placement of this product by users may result in a shortened lifespan or damage, and any resulting damages are not covered by the warranty or exempt from the manufacturer's liability. The warranty covers manufacturing defects and material faults. The manufacturer's warranty is 24 months.

Disposal and recycling information

This symbol on the product, battery, documentation or packaging indicates that products and batteries should be handed over to designated waste collection points selected by local authorities after the end of their service life. This ensures that WEEE waste is recycled and processed in a manner that protects valuable materials and safeguards human health and the environment.

Declaration of conformity

Hereby, 3mk Protection declares that the product is in compliance with the relevant Community harmonisation legislation: 2011/65/EU. The full text of the declaration of conformity is available at the following web address (3mk.global/manual).
