

## Audio Bluetooth Adapter™

USB cable, AUX cable

User manual

EN

### Product Description:

3mk Audio Bluetooth Adapter™ - an adapter that allows for wireless audio reception from Bluetooth-enabled devices such as smartphones or tablets to older audio systems like car radios or stereo systems. With the use of Bluetooth 5.4 technology, the adapter guarantees a stable connection, and the built-in microphone enables hands-free calling. The connectivity range is up to 30 meters, ensuring comfortable use in larger spaces.

### Package Contents:

- 3mk Audio Bluetooth Adapter™
- User manual

### Technical Specifications:

- Model name: 3mk Audio Bluetooth Adapter™
- Model number: ABA54
- Connectivity technology: Bluetooth 5.4
- Connectivity range: Up to 30 m
- Transmission protocols: HFP/A2DP/AVCTP
- Radio data: 20HZ-20KHZ
- Input voltage: 5V
- Input current: 1A
- Material: Aluminium + TPU
- Cable length: 1 m

### User Manual:

1. Plug the USB connector into a USB port, e.g., in the car radio, speaker, or charger. Next, insert the 3.5 mm Jack plug into the AUX-in port. When the adapter is correctly connected, the white LED light will blink.
2. After successfully connecting the phone to the adapter, you can play music. Control is done on the mobile phone.
3. Incoming calls are answered manually on the mobile device. After the call is established, the user's voice will be transmitted using the 3mk adapter, and the voice of the caller will be played through the car speakers or other audio playback devices. Hands-free calls using the built-in microphone make driving safer and much more comfortable.

### Pairing Mode

1. When pairing two devices for the first time, the adapter should be held about 1 m away from the mobile phone.
2. Turn on Bluetooth on your phone. Search for the 3mk Audio Bluetooth Adapter™ device, and then click to connect.
3. Enter the pairing password "0000" (some mobile phones may require a password).

**Note:** if pairing fails, repeat steps 1, 2, 3. Upon successful pairing, the white LED light will start blinking slowly.

### Precautions:

1. Keep away from children: risk of choking, electric shock, or swallowing small parts.
2. Avoid contact with water: risk of electric shock, damage to electronics, or short circuit.
3. Do not use a damaged product. Damaged components may pose a risk to the user.
4. Do not expose to high temperatures: risk of overheating, explosion, or fire.
5. Warnings: Do not disassemble, keep away from children, do not use in extreme temperatures.

### Compatibility Information:

Compatible with most smartphones, tablets, and devices without Bluetooth functionality (radios, speakers).

### Warranty

Improper use or incorrect placement of this product by users may result in a shortened lifespan or damage, and any resulting damage is not covered by the warranty or is not the responsibility of the manufacturer. The warranty covers factory defects and material defects. The manufacturer's warranty is 24 months.

### Disposal and Recycling Information

This symbol on the product, battery, documentation, or packaging indicates that products and batteries should be

handed over to designated waste collection points after their service life has ended. This ensures that WEEE waste is recycled and processed in a way that protects valuable materials and safeguards human health and the environment.

### Declaration of Conformity

Hereby, 3mk Protection declares that the product complies with the relevant Community harmonisation legislation: 2014/53/EU, 2011/65/EU (2015/863). The full text of the declaration of conformity is available at the following internet address (3mk.global/manual).
