Contents of the set:

- Hyper Cable N-SERIES USB-C to USB-C 100W™
- User manual

Technical specification:

- Model name: Hyper Cable N-SERIES USB-C to USB-C 100W™
- Model number: CCB3100W
- Color: Black
- Connector type: USB-C to USB-C
- Length: 3 m
- Maximum current: 20V/5A
- Maximum power: 100W
- Functions: power + data transfer
- Data transfer speed: 480 Mbps
- Material: Nylon braiding + aluminum alloy connectors

How to use:

1. **Check compatibility**

Ensure that the devices you wish to connect have a USB-C port.

2. **Connecting**

Insert one end of the cable into the appropriate port on the device (e.g. charger or laptop).

Connect the other end to the second device (e.g. smartphone, tablet, power bank).

3. **Power and data transfer**

- Charging: The cable supports fast charging up to 100W – ideal for everyday use.
- Data transfer: Devices may require confirmation of the transfer, e.g. on the phone screen.

4. **Disconnecting**

Always disconnect the cable by gripping the connector – never by the cable itself.

Safety warnings

- Avoid contact with water – risk of electric shock.
- Do not store the cable in places exposed to high temperatures.
- Do not modify the cable – this risks voiding the warranty.
- Do not use the cable with damaged connectors.
- Keep away from children – potential risk of swallowing or electric shock.
- Do not overload the cable – use it according to specifications.
- Disconnect the cable when not in use.

Maintenance and storage

- Store the cable in a dry and cool place.
- Avoid excessive bending or twisting of the cable.
- Regularly check the condition of the cable for damage.

Warranty

Improper use or incorrect placement of this product by users may result in a shortened lifespan or damage, and any resulting damage is not covered by warranty or exempt from the manufacturer's liability. The warranty covers manufacturing defects and material faults. The manufacturer's warranty is 24 months.

Disposal and recycling information

This symbol on the product, battery, documentation, or packaging indicates that products and batteries must be handed over to designated collection points for waste, as specified by local authorities, after the end of their lifespan. This ensures that WEEE waste is recycled and processed in a manner that protects valuable materials as well as human health and the environment.

Declaration of conformity

3mk Protection hereby declares that the product is in accordance with the applicable EU harmonisation legislation: 2011/65/EU. The full text of the declaration of conformity is available at the following online address (3mk.global/manual).
