Product Presentation

Induction car charger dedicated to MagSafe technology. The product is equipped with a mounting bracket for the air vent. It provides fast wireless charging. Thanks to strong magnets, your phone remains fully stable and secure in place while driving.

Package Contents:

1. Car charger
2. USB-C to USB-C cable
3. Mounting clip for the air vent
4. User manual

Specifications

- Model name: 3mk Car MagCharger™ for Airvent
- Model number: 3mk-15W-MC-A

- Input power: DC 9V/2-3A, 5V/2A
- Output power: 15W/10W/7.5W/5W
- Radio frequency: 110KHz-205KHz
- Transmission range: ≤10mm
- Output current: 2A
- Charging efficiency: ≤80%
- Material: Aluminium alloy + PC
- Connector type: USB-C Compatibility: Devices with MagSafe & Qi technology
- Protocol compliance: Qi/MagSafe

Note: Fast charging requires a QC 2.0/3.0 adapter or a PD 18W and above adapter.

User Manual:

Mounting the bracket

1. Loosen the nut on the charger by turning it counterclockwise.
2. Insert the ball of the mount into the nut. Turn the nut clockwise to secure it.
3. Place the car mount clip in the desired location on the air vent.
4. Press the vent mount into the vehicle's air vent until the red clip is completely inserted. Use the knob, turning it clockwise to tighten the mount.

Connecting the power

1. Connect the USB end of the cable to a power adapter (not included), and the other end USB-C to the USB-C port on the car charger.
2. Connect the power adapter to the 12V socket in the car.

Charging the device

1. Place a MagSafe compatible phone on the charger until it holds it magnetically. Charging should start automatically.

Precautions

1. Do not apply excessive pressure to the car charger.
2. Do not disassemble the car charger.
3. Do not use the car charger in extremely high temperatures, high humidity, or corrosive environments to avoid damage.
4. Keep the charger away from magnetic strips or chips (e.g. ID cards, bank cards) to prevent magnetic damage.
5. Do not place metal objects on the charging pad while charging to prevent overheating and damage.
6. Keep out of reach of children: risk of choking or electric shock.
7. Avoid contact with water: risk of electric shock or short circuit.
8. Do not use damaged chargers. Damaged components may pose a fire hazard.

9. Do not use chargers in areas with high humidity: risk of electric shock.

It is recommended to use the original USB cable included in the package and the 3mk car charger designed for the cigarette lighter socket.

Environmental Protection Notice

Following the incorporation of European Directives 2012/19/EU and 2006/66/EU into national legislation: Electrical and electronic devices and batteries may not be disposed of with household waste. Consumers are legally obliged to return electrical and electronic devices and batteries after their useful life to designated public collection points or sales points. Details on this are specified by the national law of each country. This symbol on the product, user manual, or packaging indicates that the product is subject to these regulations. Recycling, reuse of materials, or other forms of disposal of old devices/batteries contribute significantly to the protection of our environment.

Warranty

Improper use or incorrect placement of this product by users may result in a reduced lifespan or damage, and any resultant damage is not covered by the warranty or

absolves the manufacturer of responsibility. The warranty covers factory defects and material defects. The manufacturer's warranty is 24 months.

Disposal and Recycling Information

This symbol on the product, battery, documentation, or packaging indicates that products and batteries should be handed over to designated waste collection points established by local authorities at the end of their life. This ensures that WEEE waste is recycled and processed in a manner that preserves valuable materials and protects human health and the environment.

Declaration of Conformity

Hereby, 3mk Sp. z o.o. declares that this product complies with the applicable harmonisation Community legislation 2014/53/EU; 2011/65/EU. The full text of the declaration of conformity is available at the following website (3mk.global/manual).
