

incharge® OmniLink 100W PD™

USB cable

User manual

EN

Product presentation:

incharge® OmniLink 100W PD™ is a cable designed for charging electronic devices equipped with a USB-C port (e.g., laptops, smartphones, and tablets) and for wireless charging of Apple Watch and Samsung Galaxy Watch (depending on the model version). The product also supports data transfer speeds of up to 480 Mb/s.

Package contents:

- incharge® OmniLink 100W PD™
- User manual

Technical specifications:

Model name: incharge® OmniLink 100W PD™

Model number: IC-AWSWPD100W-B

Connectors: USB-C to USB-C

Output power (USB-C): up to 100 W (20 V / 5 A) – supports Power Delivery (PD)

Wireless charging power: Apple Watch (2.5 W) / Samsung Watch (2 W)

Data transfer speed: up to 480 Mb/s (USB 2.0)

Material: nylon braided, aluminum casing

Length: 1.5 m

Wireless charging compatible with:

Apple Watch:

Apple Watch SE, Generation 1, Generation 2, Generation 3, Generation 4, Generation 5, Generation 6, Generation 7, Generation 8, Generation 9, Generation 10, Ultra1, Ultra2, Ultra3

Samsung Galaxy Watch:

Samsung Galaxy Watch Active 1, Samsung Galaxy Watch Active 2, Samsung Galaxy Watch 3, Samsung Galaxy Watch 4, Samsung Galaxy Watch 4 Classic, Samsung Galaxy Watch 5, Samsung Galaxy Watch 6, Samsung Galaxy Watch 6 Classic, Samsung Galaxy Watch 7, Samsung Galaxy Watch 8, Samsung Galaxy Watch Ultra

Instructions for use:

1. Connect one end of the USB-C cable to a power adapter of appropriate capacity (recommended minimum: 65 W for laptops or 20 W for smartphones – depending on the device's requirements).
2. Connect the other end of the USB-C cable to the target device (e.g., laptop or phone).
3. To charge the watch, place it on the central, round part of the cable (magnetic charging coil). The magnet will automatically position the watch in the optimal position.

Note: To achieve the full power of 100 W, use a power adapter that supports the Power Delivery standard of 100 W.

Safety instructions:

- Use the product only as intended.
- Protect the product from direct contact with water and moisture and from extreme temperatures.
- Do not use the cable if you notice any damage to the braid, connectors, or exposed wires.
- Do not attempt to open or repair the wireless charging module yourself.
- During wireless charging, there should be no metal objects (e.g., coins, keys) between the watch and the charger, as this may lead to overheating.
- The product is not a toy. Keep it out of reach of children.
- Use only certified chargers for charging. 3mk brand chargers are recommended.

Warranty:

Improper use or incorrect placement of this product by users may result in a shortened lifespan or damage, and any resulting damages are not covered by the warranty or liability of the manufacturer. The warranty covers manufacturer defects and material flaws. The manufacturer's warranty is 24 months.

Declaration of conformity:

Hereby, 3mk Protection declares that the product complies with the relevant community harmonization legislation: RED 2014/53/EU and RoHS 2011/65/EU (2015/863). The full text of the declaration of conformity is available at: 3mk.global/manual.

Disposal information:

The product must not be disposed of with general waste. According to the WEEE directive, used electronic equipment must be handed over to a designated collection point for recycling. Proper disposal helps protect the natural environment.
