

3mk Hardy Fusion Watch Protection™

Hybrid glass

User manual

EN

Product presentation:

3mk Hardy Fusion Watch Protection™ - an invisible hybrid glass that combines the flexibility of film and the durability of glass. Three times stronger protection of the smartwatch screen against scratches and impacts. The package includes 3 pieces for perfect installation and long-lasting comfort.

Package contents:

- 3 pieces of 3mk Hardy Fusion Watch Protection™
- Dry cloth (3 pcs.)
- Moist cloth (3 pcs.)
- User manual

Technical specifications:

Model name: 3mk Hardy Fusion Watch Protection™

Material: Hybrid glass

Hardness: 7H

Reinforcement level: up to 300%

Thickness: 0.39 mm

Instructions for use:

Before installation: make sure that the smartwatch screen is clean, dry, and free of dust. Prepare the installation accessories.

During application: apply the glass in a clean, dust-free environment to avoid contamination. The material is flexible and resistant to cracking, but should not be excessively bent. Precisely fit the glass to the shape of the screen and edges, then gently press from the centre towards the edges to remove air bubbles.

After installation: avoid strong pressure on the edges. Regularly check the condition of the glass - although it doesn't shatter, it may get scratched. In case of wear, it is recommended to replace it to maintain full protection and touch sensitivity.

In case of replacement: remove the glass slowly and gently, starting from the edge. Dispose of the used item according to local waste segregation regulations.

Warranty:

Improper use or incorrect placement of this product by users may result in shortened lifespan or damage, and any resulting damage is not covered by warranty or is not the manufacturer's responsibility. The warranty covers manufacturing defects and material defects. The manufacturer's warranty is 24 months.

Information on disposal and recycling:

Dispose of the used product and packaging according to local waste segregation regulations.
