## Wired Earphones USB-C™

Wired headphones

User manual

EN

### Product Presentation

Wired headphones with music listening and calling functionality. To ensure maximum user comfort, they are equipped with a hands-free set, which consists of a control remote with a microphone. The headphones offer a wide frequency range, reproducing any sounds within the range of 20 Hz to 20 kHz.

### Package Contents:

1. Wired Earphones USB-C™
2. User Manual

### Specifications:

- Name: 3mk Wired Earphones USB-C™
- Output: USB-C
- Speaker size: 10mm
- Impedance: 16 Ohm
- Sensitivity: 93dB + 3dB
- Microphone sensitivity: 40dB + 3dB
- Frequency range: 20 - 20000 Hz
- Cable length: 1.2 m

### Usage Tips:

- Do not leave the headphones in your pocket while washing clothes.

- Take the headphones out and insert them into your ears, moving them slightly to achieve the best fit and comfort.
- The headphones should be stored in a dry/ventilated place and contact with oil, steam, moisture, and dust should be avoided to prevent impairing the product's performance.
- Avoid using sharp organic solvents or items containing them for cleaning the headphones.

### Safety Information:

Before using and operating the headphones, please read the following tips to maximise their potential and avoid dangerous or illegal situations.

- Hearing Loss  
Listening to loud sounds can cause permanent hearing damage.
- When using the headphones for listening to music or making calls, it is recommended to use the minimum volume required for music or conversations to avoid hearing damage.

Exposure to loud sounds while driving may distract the driver's attention and may lead to an accident.

- Children's Health  
The device and its accessories may contain small parts. The device and its accessories should be stored out of reach of children. Children may accidentally damage the

device and its accessories or swallow small parts, which may result in choking or other hazards.

The device is not a toy and should be used by children under adult supervision.

### Precautions:

Before using this product, please read the device's user manual. Warning: improper use will lead to product damage.

1. Do not store the product in high-temperature areas, strong light, or strong magnetic fields; do not place it in fire or other unfavourable conditions, as this may cause burns or electric shocks.
2. During charging, the power supply will generate heat, which should be regarded as a normal phenomenon; the product meets national 3C requirements; after fully charging the phone, the temperature will gradually return to room temperature.
3. If overvoltage, overload, or overheating occurs during charging, to avoid damage, charging will automatically stop; when conditions stabilise, charging will resume.
4. Do not disassemble, repair, or modify the product by yourself.
5. Do not touch the power supply with wet hands or submerge it in water or other liquids.
6. Please do not use the power supply with products exceeding the output power range of this product to

avoid electric shock, burns, or damage to the device.

**NOTE:** Failure to comply with the above safety instructions may result in fire, electric shock, damage, or other injuries.

### Warranty

Improper use or incorrect positioning of this product by users may result in shortened lifespan or damage, and any resultant damages are not covered by warranty or are exempt from the manufacturer's liability. The warranty covers manufacturing defects and material faults. The manufacturer's warranty is 24 months.

### Information on Disposal and Recycling

This symbol on the product, battery, documentation, or packaging means that products and batteries should be handed over to designated waste collection points for selective disposal set by local authorities at the end of their lifecycle. This ensures that WEEE waste is recycled and processed in a manner that protects valuable materials and human health and the environment.

### Declaration of Conformity

Hereby, 3mk Protection declares that the product complies with the relevant EU harmonisation legislation: 2014/30/EU; 2011/65/EU. The full text of the declaration

of conformity is available at the following website (3mk.global/manual).
