Product Presentation

Induction car charger dedicated to MagSafe technology. The product features a mount for the windshield or dashboard. It provides fast wireless charging. A strong magnet keeps the phone in place while driving.

Package Contents:

- A. Car Charger.
- B. Mounting bracket for the windshield or dashboard.
- C. USB-C to USB-C cable.
- D. User manual.

Specifications

- Model name: Car MagCharger™ for Window & Dashboard
- Model number: 3mk-15W-MC-DW

- Input power: DC 9V/2-3A, 5V/2A
- Output power: 15W/10W/7.5W/5W
- Radio frequency: 110KHz-205KHz
- Transmission range: ≤10mm
- Output: 2A
- Charging efficiency: ≤80%
- Material: Aluminium alloy + PC
- Connector type: USB-C
- Compatibility: Devices with MagSafe & Qi technology
- Protocol compliance: Qi/MagSafe
- Devices with MagSafe & Qi technology

Note: Fast charging requires a QC2.0/3.0 adapter or a PD 18W and above adapter.

User Manual:

Mounting the Bracket

1. Loosen the nut on the charger by turning it counterclockwise.
2. Insert the ball of the mount into the nut. Turn the nut clockwise to secure it.
3. Attach the mounting bracket to the windshield or dashboard using the suction cup.

Connecting Power

1. Connect one end of the USB cable to a power adapter (not included), and the other end (USB-C) to the USB-C port on the car charger.
2. Connect the power adapter to the 12V socket in the car.

Charging the Device

1. Place a MagSafe compatible phone on the charger until it is secured by the magnet. Charging should start automatically.

Precautions

1. Do not apply excessive pressure on the car charger.
2. Do not disassemble the car charger.
3. Do not use the car charger in extremely high temperatures, high humidity, or corrosive environments to avoid damage.
4. Keep the charger away from magnetic strips or chips (e.g., ID cards, bank cards) to avoid magnetic damage.
5. Do not place metal objects on the charging pad while charging to prevent overheating and damage.
6. Keep away from children: risk of choking or electric shock.
7. Avoid contact with water: risk of electric shock or short circuit.
8. Do not use damaged chargers. Damaged components may pose a fire hazard.

9. Do not use chargers in high humidity areas: risk of electric shock.

It is recommended to use the original USB cable and car charger from 3mk, designed for the cigarette lighter socket.

Environmental Notice

Following the introduction of European Directives 2012/19/EU and 2006/66/EU into national legislation, it is prohibited to dispose of electrical and electronic devices and batteries with household waste. Consumers are legally obliged to return electrical and electronic devices and batteries after they have reached the end of their lifecycle to designated public collection points or sales points. Details on this subject are determined by the national law of the respective country. The symbol on the product, user manual or packaging indicates that the product is subject to these regulations. Recycling, reuse of materials, or other forms of disposal of old devices/batteries make a significant contribution to the protection of our environment.

Warranty

Improper use or incorrect placement of this product by users may result in a shortened lifespan or damage, and

any resulting damages are not covered by warranty or liability of the manufacturer. The warranty covers manufacturing defects and material faults. The manufacturer's warranty is 24 months.

Disposal and Recycling Information

This symbol on the product, battery, documentation, or packaging indicates that products and batteries should be handed over to designated waste selective collection points established by local authorities after the end of their operational life. This ensures that WEEE waste is recycled and processed in a manner that protects valuable materials and safeguards human health and the environment.

Declaration of Conformity

Hereby, 3mk Sp. z o.o. declares that this product is in compliance with the relevant EU harmonisation legislation 2014/53/EU; 2011/65/EU. The full text of the declaration of conformity is available at the following website (3mk.global/manual).
