Set contents:

- Hyper Cable N-SERIES USB-C to USB-C 60W™
- User manual

Technical specifications:

- Model name: Hyper Cable N-SERIES USB-C to USB-C 60W™
- Model number: CCW160W
- Colour: White
- Connector type: USB-C / USB-C
- Length: 1 m
- Maximum current: 20V/3A
- Maximum power: 60W
- Functions: power + data transfer
- Data transfer speed: 480 Mbps
- Material: Nylon braided + aluminium alloy connectors

Instructions for use:

1. Check compatibility

Ensure that the devices you want to connect have a USB-C port.

2. Connecting

Insert one end of the cable into the appropriate port on the device (e.g. charger or laptop).

Connect the other end to the second device (e.g. smartphone, tablet, power bank).

3. Power and data transfer

- Charging: The cable supports fast charging up to 60W – ideal for daily use.
- Data transfer: Devices may require confirmation for the transmission, e.g. on the phone screen.

4. Disconnecting

Always unplug the cable by gripping the connector – never the wire.

Safety warnings

- Avoid contact with water – risk of electric shock.
- Do not store the cable in places exposed to high temperatures.
- Do not modify the cable – this may void the warranty.
- Do not use the cable with damaged connectors.
- Keep away from children – possible risk of swallowing or electric shock.
- Do not overload the cable – use it according to its specifications.
- Disconnect the cable when not in use.

Maintenance and storage

- Store the cable in a dry and cool place.
- Avoid excessive bending or twisting of the wire.
- Regularly check the condition of the cable for damage.

Warranty

Improper use or incorrect placement of this product by users may result in shortened lifespan or damage, and any such damages are not covered by warranty or exempt from the manufacturer's liability. The warranty covers manufacturing defects and material faults. The manufacturer's warranty is 24 months.

Disposal and recycling information

This symbol on the product, battery, documentation or packaging indicates that products and batteries should be handed over to designated waste selective collection points after their operational life has ended. This ensures WEEE waste is recycled and processed in a manner that protects valuable materials and safeguards human health and the environment.

Declaration of conformity

Hereby, 3mk Protection declares that the product complies with the relevant community harmonisation legislation: 2011/65/EU. The full text of the declaration of conformity is available at the following web address (3mk.global/manual).
